

**REMARKS**

The office action issued by the Examiner and the citations referred to in the Office Action have been carefully considered.

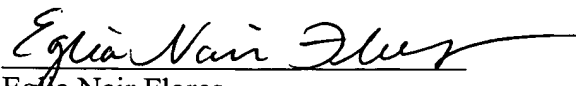

Per the examiner's suggestion, the Applicant has cancelled Claims 1-13, 15, 25-38, 42, 44, and 46 without prejudice or disclaimer. Applicant has amended Claims 14, 16-18, 20, 21, and 23. No new matter has been added to these claims. For ease of reference, support for the "a wall connecting said first section to said second section" found in newly amended Claim 14 is found in paragraph [0020]. Specifically noted is that the terms "wall" and "spine" denote the same physical structure in the toy display box, as evidenced by paragraph [0020]. Furthermore, the interchangeability of the terms "panel" and "section" are supported by paragraphs [0017] and [0018].

It is respectfully submitted that all of the Examiner's objections have been successfully traversed and that the application is now in order for allowance. Accordingly, reconsideration of the application and allowance thereof is courteously solicited.

The Commissioner is hereby authorized to charge any extension fees required in this case, now or in the future, to Deposit Account Number 50-2638. Please reference Attorney Docket Number 54317-018700 when charging any payments or credits in connection with this application.

Respectfully submitted,

Date: January 13, 2005
